The following Resolutions of the Government of India are republished :—

DEPARTMENT OF COMMERCE AND INDUSTRY.

COMMERCIAL EXHIBITIONS.

Simla, the 10th July 1908

No. 6453—6473-6.

RESOLUTION.—The following papers relative to the Universal and International Exhibition to be held at Brussels in the year 1910 are published for general information, in continuation of Resolution No. 22-42-1, dated the 6th January 1908.—

BRUSSELS UNIVERSAL AND INTERNATIONAL EXHIBITION, 1910.

UNDER THE HIGH PATRONAGE OF HIS MAJESTY THE KING OF THE BELGIANS AND THE HONORARY PRESIDENCY OF H.R.H. PRINCE ALBERT OF BELGIUM WITH THE SUPPORT OF THE PUBLIC AUTHORITIES.

APPEAL TO PROSPECTS.

Brussels, January 24, 1908.

A Universal and International Exhibition will open at Brussels in the month of April 1910 and will last for about six months. Its Palaces and Halls will be erected in the new quarter of the Avenue Louise skirted by the grand old beech trees of the Bois de la Cambre, the favourite resort of the Brussels people. What a delightful view indeed will the observer command from this picturesque site : he will witness in the distance the undulating country overlooked in the rear by the thick set trees and green shrubbery of the Forest of Soignes.

From its position at the junction of the main lines of communication of Europe, and its being the Capital of one of the most densely populated and most industrial countries of the Globe, and having, for centuries past, been accumulating art treasures of all kinds, Brussels is so well known that any enlargement upon its reputation would be quite unnecessary.

Not only is the Belgian Capital the seat of a strong artistic, scientific, and commercial movement, but every possible effort is made towards improving the City and rendering it more and more attractive, while the people are always ready to welcome and extend hospitality to foreigners coming to visit Brussels.

No sooner had the scheme been announced than it secured the enlightened protection of the King and the support of Government; and the Brussels Exhibition is bound to be a great success.

The Belgian Government have acquainted the Foreign Cabinets with the organisation of this Exhibition, inviting them to take part and to be officially represented by appointing Commissioners or Committees.

Even now, important corporations are in course of formation, from all over Belgium considerable support is forthcoming and adhesions have practically been received from the large neighbouring countries.

The Brussels Universal and International Exhibition includes, in broad lines, artistic, scientific, industrial, commercial and colonial sections. It will be open to works of art, industrial and agricultural products, and generally to all wares coming within the classification annexed to the General Regulations.

The Artistic section will consist of an International Saloon of Fine Arts.

The Scientific section will embrace with the various degrees of education the instruments and general methods connected with Letters, Sciences and Arts.

The Industrial section will be made up of all the products, methods and materials, both industrial and agricultural.

Steps will be taken to render fully complete the special groups connected with fancy trades, mines, metallurgy, machinery, electricity, arms manufacturing and mechanical locomotion.

The programme further contains special Exhibitions, temporary Agricultural and Horticultural Shows; Congresses, Conferences, Artistic and Sportive Fêtes.

The Executive Committee also proposes to organise during the Exhibition popular games and competitions.

Furthermore, like at other Exhibitions, national compartments will be formed wherein the works and productions of a same country will be divided into groups and classes according to a system of general classification.

The Exhibition will cover a total area of about two hundred acres, a large portion of which will be reserved to the Foreign Sections. The installations will be connected with the Belgian State Railway, so as to bring all exhibits up to the required spot, on rail tracks laid down in the Halls and ground.

The principal Palace and the Halls of the Exhibition will be built of iron and covered with hard materials; the roofed surface amounting to at least one hundred and fifty thousand square metres.

The Machinery Gallery will include numerous workshops in operation under the eyes of the Public.

A vast park, in which attractions will scatter in all directions, will surround the buildings.

Enclosed herewith will be found the full programme of the Exhibition comprising the General Regulations, and the detailed classification of the goods.

The attention of Exhibitors is specially directed to the fact that the rent for detached space includes handling charges (Article 26 of General Regulations). Exhibitors will thus be enabled to accurately estimate beforehand the charges incumbent upon them.

According to the clauses inserted in Articles 18 and 27 of the General Regulations, *special arrangements may be concluded for the hire of large spaces as well as for the handling work and storage of empties, but solely with such Countries as are officially represented.*

In that case, the charges would be fixed separately, viz.:

(1) For hire of space in the Halls, exclusive of expense of decoration;
(2) For handling;
(3) For storage of empties.

Any such agreements to be entered into with officially represented Countries will be drawn up by the Commissioner-General of the Belgian Government.

The Government will grant on the State Railways free transport to and fro, of Belgian products consigned to the Exhibition and free return in the case of foreign exhibits.

The Exhibition will be treated as an actual bonded warehouse, foreign goods intended for the Exhibition being allowed provisional duty-free importation subject to being afterwards re-exported.

The necessary measures will be taken by the Government for protecting in Belgium patentable inventions, industrial designs or models, and manufacturing or trade works appearing at the Exhibition.

Moreover, the Belgian Government have sanctioned the organisation of a Lottery comprising several series of a million tickets each. The prizes will be purchased from the Exhibitors, as (as regards series of tickets issued prior to the opening) from such persons as shall have given a written undertaking to exhibit.

An International Jury of Awards will be instituted, to operate under the control of the Commissioner-General of the Belgian Government. The Members of the Jury will be designated by the Government of their respective countries.

The General Regulations specify the nature of the awards to be attributed to the Exhibitors; same consist of diplomas or medals.

In conclusion, the Executive Committee proposes to give all kinds of fêtes, to multiply the attractions with the view of enhancing the splendour of the Exhibition and increasing the number of visitors.

The Board of Directors of the "Société Anonyme de l'Exposition de Bruxelles" is placed under the Presidency of Baron Empain, Governor of the Bank "Société Générale de Belgique." An Executive Committee with Mr. Emile De Mot, Senator, Burgomaster of the City of Brussels, as President, has been invested with all the powers of the Board.

The Executive Committee will determine the various measures coming within the scope of organisation and management, and are exclusively qualified to deal with all questions of receipts and expenditure.

Although an undertaking solely due to private initiative, the Brussels Exhibition has ensured the effective co-operation of the Belgian Government, and also the support of the City of Brussels and Province of Brabant. It is placed under the High Patronage of H. M. the King of the Belgians and under the Honorary Presidency of H.R.H. Prince Albert of Belgium.

The Duke d'Ursel has been invested with the functions of Government Commissioner-General to the Brussels Exhibition, and M. J. Gody has been appointed Deputy Commissioner-General.

The Exhibition is not organised with the view of profit; its promoters are anxious to make our country appreciated abroad, by displaying anew her productive power and industrial progress.

The Executive Committee therefore warmly appeal to all, convinced, as they are, that the character and object of the Exhibition will secure numerous and important adhesions.

RESOLUTION.—The following papers relative to the Colonial Products Exhibition to be held at Liverpool in 1908 are published for general information. The Government of India will not participate in the Exhibition:—

THE NEXT COLONIAL PRODUCTS EXHIBITION WILL BE HELD AT ST. GEORGE'S HALL, LIVERPOOL, FROM DECEMBER 7 TO DECEMBER 19, 1908.

The publication of this Prospectus is dictated by a double purpose, to offer a *résumé* of the principal details of late Colonial Products Exhibition, and also, by emphasising the record success obtained by it and by giving a recapitulation * of the many flattering notices and opinions concerning it, to point out the amount of encouragement that has been derived from it to proceed still further with the task of demonstrating the immense importance to this country of improved and extended trade relations with her Colonies.

* Not printed.

Judging from the cordial support extended to, and the amount of enthusiasm aroused by, the last four Exhibitions—the first undertakings of the kind ever organised in Great Britain outside the Metropolis—it is a reasonable presumption that another, even on a still more extended scale, offering a greater diversity and larger number of Colonial products, will achieve a still larger measure of success, and so promote the furtherance of a greater amount of commercial reciprocity between the Colonies and the Mother Country. It might be said, *en passant*, that on all sides it has been agreed that the increase of business through the Liverpool Colonial Products Exhibition has been enormous and no doubt H.R.H. the Prince of Wales recognised this fact when he graciously became a Patron.

The resources of our Colonies, mineral, agricultural, and manufacturing, increase rapidly as the time goes on, and no year passes but finds the overseas portions of the Empire in a better position to help to the attainment of that object which it is the desire of every citizen to see realised—the establishment of the Empire on a self-contained and self-supporting basis, independent of supplies from alien lands, and powerful to hold its own by the aid of its own people and by that aid alone.

That this end can be accomplished there is little room for doubt, providing there be unanimity of feeling and mutual interests between the peoples of our Colonies and ourselves; and it is difficult to discover any action on our part more valuable, helpful, and effective than endeavouring, as far as possible, to offer to the people of this country opportunities of realising by personal inspection the vast commercial wealth of our Colonies, as illustrated by the number and extent of the commodities with which they are able to supply us.

With this object in view it is intended to hold the fifth Colonial Products Exhibition from December 7 to December 19, 1908, which shall be more extended in its scope than the last, and for this purpose every effort will be made to obtain direct from each separate Colony samples of each and every product it is able to supply.

With many months available for organisation, preparation, and communication with the various Colonial authorities, whose co-operation may be safely reckoned on, the Presidents and Managers entertain sanguine hopes of producing a collection of Colonial Products which, for extent and diversity, has never before been gathered together in one place on any previous occasion. Sir Alfred L. Jones, K.B.E.C., will again act as President.

Those Colonies desirous of obtaining space in this forthcoming important Exhibition should send in their application as soon as possible to the Joint Managers at 24, Dale Street, or 21, Water Street, Liverpool, where a Plan of the Hall can be seen and all information obtained.

Exhibitors must provide their own staff at their own cost to unpack, place in position, keep in order, repack and remove their Exhibits, and in default the Managers may, at the expense of the Exhibitor, do whatever may be considered necessary, but this course will only be adopted as a last resource. The greatest care must be exercised in fitting up the stands.

11.—Exhibitors' and attendants' tickets will be issued, and will be available for Exhibitors and the actual assistants or attendants only.

12.—The Managers will take such precautions as they may consider advisable for the protection of all articles exhibited, but will not be responsible for any loss or damage occurring to any Exhibit or property of Exhibitors from fire, or any cause whatever, and all articles, from the time of their being placed in the Exhibition Buildings, shall be at the sole risk of the Exhibitors.

13.—No nails or screws shall be driven in either the walls, pedestals, or flooring of the Hall, and every Exhibitor shall make good, at his own cost, all damage done by him or his employés.

2. *Opening of the Exhibition.*—This year the Exhibition will commence on Wednesday, 30th September, 1908, and close on Wednesday, 14th October, 1908. The cattle show will begin on

Tuesday, 6th October, and close on Thursday 8th. From the experience of last year it may be observed that the show offers a good opportunity for people desirous of purchasing good specimens of Mysore cattle.

3. *Object of the Exhibition.*—The primary aim of the Committee is to impart to the Exhibition an educative character and to bring together articles, machinery, and processes, the use of which it is desirable to bring to the notice of the raiyat, the artisan and the manufacturer by actual demonstration. But as the exhibition of solitary samples may not afford sufficient information and may not be attractive to the visiting public, articles intended for sale will also be admitted.

4 *Articles on sale versus samples.*—Articles on a large scale sent merely for sale will have to be kept in separate stalls and under the charge of the exhibitors or their agents. There is no objection to the sale of samples, but they will not be allowed to be removed from the Exhibition grounds till the termination of the show. Articles admitted for purposes of sale alone may be removed after purchase. But no article will be allowed to leave the Exhibition grounds without a gate pass.

5. *Plan of the buildings.*—A plan of the Exhibition grounds and buildings and the extent of covered and open space available is appended to this prospectus. Those who desire to have special facilities for the sale of articles or demonstration of processes are requested to place themselves in communication with the Secretary to the Exhibition Committee.

6. *Lectures and Demonstrations.*—Lectures will be delivered by competent persons in English and Canarese on subjects connected with industry, agriculture, health and sanitation, the value of agricultural implements and machines, their cost, construction and repair. Arrangements will also be made for holding a competition on the exhibition grounds in ploughing and weaving and processes connected therewith. The exact time and place of the lectures and demonstrations will be announced later on by handbills and notices.

7 *Donations.*—The Committee would thankfully accept donations for awarding prizes or medals from individuals or associations desiring to give an impetus to any special branch of agriculture or industry.

8. *Classification of exhibits.*—The exhibition of 1908 will be confined to the main groups and subheads indicated in the prize list subjoined to this prospectus.

9. *Open to all India.*—The Committee invite exhibits from all the Districts in the State as well as from outside. They also appeal to the various Agricultural Departments and Associations in other parts of India, Burma and Ceylon to help them with exhibits and suggestions.

10 *Judges.*—Leading raiyats and non-official gentlemen will be invited to assist the Committee in judging the exhibits.

11. *Admission fees for visitors.*—An admission fee of annas two per head will be levied each time a person enters the Exhibition buildings. There will be no season tickets nor family tickets nor special tickets at half rates for pupils. Only children in arms who are less than three years of age will be admitted free.

RULES AND REGULATIONS.

1. *Noxious articles.*—Explosives or any substance noxious or dangerous will not be admitted by the Committee.

2. *Particulars re exhibits.*—Intending exhibitors are requested to send to the Secretary to the Exhibition Committee particulars of exhibits they intend to forward and the amount of space which their exhibits may take up in Form A appended to this prospectus. Printed forms may be obtained from the District, Divisional and Taluk offices, or from the Secretary to the Committee; plain paper of foolscap size may also be used provided all the headings in the form are properly copied and filled up.

3. *Applications from exhibitors.*—Applications in Form A should reach the Secretary to the Committee not later than 1st August 1908. Each application should contain a post card on which the address and post town of the exhibitor are legibly written.

4. *Lists from Taluks.*—Deputy Commissioners of Districts, Sub-Divisional Officers and Amildars of Taluks are requested to canvass, as early as possible, a meeting of the leading artisans raiyats, and merchants residing within their respective charges, to explain to them fully the object and scope of the exhibition and to distribute to them forms of application, to have them filled up by intending exhibitors and to forward them to the Secretary to the Committee. This will give the Committee an idea of the total space required and enable the exhibitors to make a good choice of the exhibits by preventing a number of them from sending exhibits of the same quality and description.

5. *Articles not enumerated.*—The classified list of prizes will show the nature of articles which can compete at the exhibition. Articles not specially enumerated in the prize list may, however, be admitted by the Committee at their discretion.

6. *No fees to be charged for exhibits.*—No fees will be charged for the admission or registration of the exhibits or for the space allowed for them.

7. *Acceptance of exhibits.*—The Committee reserve to themselves absolute discretion as regards the acceptance and rejection of exhibits and the allotment of space covered or uncovered.

8. *Delivery of exhibits.*—Articles intended for the exhibition may be brought by the exhibitor or his agent or servant and delivered at the exhibition ground or sent by post or railway or through the Deputy Commissioners of districts.

8. *Payment of freight and transport charges.*—No exhibits in respect of which the necessary freight or transport charges have not been paid by the exhibitor, will be accepted by the Committee.

10. *List of particulars.*—All packages received or delivered and all implements and machinery intended for the exhibition must bear a label specifying the name and number of exhibits and the registered number of the exhibitor and must be addressed to the Secretary. They must contain a list, in duplicate, showing the name or description of the article, its price, the place of production or manufacture, name of the manufacturer or exhibitor. In the case of exhibits in the Agricultural section, essential particulars such as the season of sowing, the soil on which they are grown, the quantity of seed per acre, the manure used, whether any irrigation is required, the time required for the maturing of crop, the average yield per acre, and any other interesting details regarding cultivation should be given.

11. *Exhibits which have already won prizes.*—Exhibits which have won prizes or medals in the Mysore Exhibitions of 1906 and 1907 are precluded from competing for prizes, though there is no objection to their being accepted for purposes of show or sale.

12. *Date of delivery of exhibits.*—Intending exhibitors are requested to send the exhibit so as to reach Mysore on the 10th September 1908, from which date the Committee will arrange to take charge of exhibits. *But no exhibits will be received after the 23rd September 1908.*

13. *Belated exhibits.*—Articles that are not delivered at the Exhibition Hall in the time fixed may be admitted at the discretion of the Committee subsequent to the dates mentioned in paragraph 12, but shall not be entitled to compete for prizes.

14. *Perishable articles.*—Vegetables, fruits, dairy produce, and other perishable articles, may, however, be delivered at the Exhibition Hall till 7 P.M. on 29th September 1908.

15. *Admission of exhibits.*—No exhibits will be admitted without a pass signed by the Secretary or members of the Committee on duty at the Exhibition grounds.

16. *Responsibility of exhibitors.*—Exhibitors will have to pay every expense of transit, delivery, fixing and removing their exhibits, and they must either personally or by their agents or servants superintend their reception and removal, in default of which the Committee reserve to themselves the right of doing whatever may be considered necessary at the expense of the exhibitor.

17. *Committee accept no responsibility.*—No responsibility will be accepted by the Committee as to any damage or loss howsoever occurring.

18. *Special facilities.*—Exhibitors are requested to mention in their applications whether they wish to illustrate practically any processes of manufacture or the working of any implement or machinery, and if so, to state briefly the nature of the demonstration and any special facilities they require.

19. *Special arrangement to be made at the exhibitor's expense.*—If the exhibitors require any special arrangements to be made (or have to mount their machinery) they must carry them out at their own expense, but the Committee will be glad to give such aid as may be possible in the shape of getting skilled or unskilled manual labour at the exhibitor's expense. The expenses of demonstrating machinery and implements should be borne by the exhibitor except where special arrangements have been made with the Committee.

20. *Valuable exhibits.*—All valuable exhibits must be forwarded under the charge of an attendant.

21. *Exhibits unaccompanied by men in charge.*—Exhibitors who are unable to attend personally or send their agents in charge of exhibits may make special arrangements with the Committee for the exhibition of their goods on payment in advance in full of the estimated expense.

22. *Weighing of exhibits.*—The Committee entrust the work of receiving the exhibits to responsible officials. But as the goods are landed near the Exhibition grounds by special arrangement, it is not possible to weigh every consignment before taking delivery of it. So exhibitors are requested to take every possible precaution in packing their exhibits and to send to the Committee in time an accurate list of exhibits sent by them. Exhibitors who wish that their consignment should be weighed at the railway station before delivery should intimate their wish to the Secretary in time and remit in advance a special fee of one rupee on each consignment to be thus weighed.

23. *Acknowledgment of exhibits.*—Receipt of exhibits will be acknowledged by return of the duplicate list mentioned in paragraph 10 to the exhibitor duly signed by the Secretary. No other kind of receipt will be sent. And differences between the list and the articles actually received will be noted in the duplicate list.

24. *Free pass to exhibitors.*—In cases in which the owners themselves are in charge of exhibits, the necessary free pass will be given.

25. *Free admission to bonâ fide raiyats and artizans.*—Raiyats and artizans unable to pay fees, belonging to the Mysore State or from outside who produce certificates of identification signed by their respective Taluk officers in Form B appended to this prospectus, will be admitted free.

26. *Space for exhibits on sale.*—Accommodation will be found within the Exhibition grounds, so far as possible, for articles intended for sale. But those who wish to send articles on a large scale would do well to have temporary booths put up at their own cost in the Exhibition grounds, by previous arrangement with the Committee.

27. *Commission on sale.*—A commission of one anna in the rupee on all sales of exhibits conducted in the Exhibition stalls and grounds will be levied by the Committee from all exhibitors.

28. *Articles on sale.*—Articles on sale or articles sold should in every case have cards attached to them notifying the same.

29. *Removal of exhibits.*—All exhibits must be removed within a week after the close of the Exhibition. Exhibits remaining after that time will be disposed of as the Committee deem fit. Perishable articles will be allowed to be removed at the option of the owners or purchasers within 24 hours after the opening of the Exhibition.

30. *Exhibits on loan.*—Works of art and articles of special merit including those of antiquarian interest will be thankfully received. Gentlemen willing to lend them are requested to place themselves in communication with the Secretary, or any of the members of the Committee who will inform them of the acceptance of the offer and will make necessary arrangements in connection with the exhibition of the articles.

31. *Exhibits belonging to any Department of Government.*—Articles or cattle exhibited by any Department of Government will not be eligible for money prizes or medals, but may be awarded certificates of merit. This Rule does not preclude Government servants or pupils of Industrial Schools from competing for prizes if the exhibits are manufactured by themselves.

32. *Admission of live-stock.*—All cattle and sheep brought for the show will be located in a convenient place before the first selection and only such of the animals as are selected will be permitted to be picketed in the sheds provided at the show-yard according to breed, age and size, etc.

37. *Practical test.*—Working cattle may, at the owner's option, be subjected to a practical test as to their powers of draught. They must be the *bona fide* property of the exhibitor.

38. Single bullocks will also be tested both for riding and draught purposes at the owner's option.

39. *Caretaker.*—Each animal or lot competing separately must be in charge of a caretaker who will remain in charge of the exhibit and must be ready to lead it out at any time as required by the Committee.

2. Tree-tapping licenses shall be issued on the application—

(a) of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction or licensed separately;

(b) of persons having the exclusive privilege of manufacture and supply of cocoanut toddy arrack as foreign liquor;

(c) of persons having the exclusive privilege of manufacture and vend of country spirits in British Cochin;

(d) of tappers on their own application in the South Canara district, provided the application for license is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken;

(e) of tree owners generally, and of sweet-toddy tappers in the Godavari district, and in the Narasapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the Kistna district, for not more than five trees for the drawing of toddy required for domestic consumption, but not for sale; and

(f) of toddy shopkeepers or renters in the Mysore territory and in the Banganapalle State desiring to obtain toddy from trees growing in British territory.

In cases (a), (b), (c), (e) and (f) the licenses may be issued in the name of the applicant himself or of his nominee, and in case (d) in the name of the applicant only.

3. Persons wishing to apply for the grant of tree-tapping licenses must first pay the fees (or the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury, a Taluk treasury or a Salt treasury. Collectors may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor.

4. (1) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Inspector, Salt, Abkári and Customs Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors, Salt, Abkári and Customs Department, and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped; those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned along with the application in form T.T. 6, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping license in Mysore. The tree tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier.

(2) Applications for tree-tapping licenses in the South Canara district should be countersigned by the owner of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into British treasuries and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the sums whose imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licenses for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area to the Madras Presidency or in Mysore with a view to afford rent therefor or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licenses for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Kurnool district. Similarly those in the Banganapalle State will be allowed to tap trees in the adjoining British territory.

7. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) On receipt of an application, the Inspector, unless he sees special cause to the contrary, will at once take steps for the marking of the trees by an officer superior in rank to a petty officer and for the issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

SUPPLEMENT TO PART II

OF

THE FORT ST. GEORGE GAZETTE.

No. 31.] MADRAS, TUESDAY EVENING, AUGUST 4, 1908. [Price, 1 anna.

SALT, ABKÁRI AND CUSTOMS DEPARTMENT.

NOTIFICATION.

No. 12, *dated* 24*th July* 1908.

NOTICE OF SALE OF ABKÁRI PRIVILEGES.

Notice is hereby given that the number of farms and independent shops appointed for the sale of liquor during the twelve months beginning 1st October 1908 and ending 30th September 1909 and the local limits appointed for them will be notified by Collectors in their District Gazettes, and that the privilege of sale therein will be put up to public auction on the dates, at the places and by the officers to be notified by Collectors subject to the conditions hereinafter set forth.

Conditions of Auction Sale.

II. The districts in which independent toddy shops, arrack farms and arrack and toddy farms, respectively, will be sold are specified below :—

Independent toddy shops.	Arrack farms.	Arrack and toddy farms.
1	2	3
Throughout the Presidency including the Banganapalle State and excluding the Madras Town Circle, the Nilgiri district and certain areas in the Ganjam, Vizagapatam and Malabar districts.	Cochin Town and the Attapadi Valley.	Seventeen outlying pattus of British Cochin.

A separate notification will be issued regarding operations under the tree-tax system. Collectors will issue others regarding the tracts where special systems are in force.

III. A deposit must be made by each bidder previous to bidding and will be received at any time within three days previous to the date of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of farms Rs. 100 will be the ordinary deposit. This will be reduced to Rs. 50 in the case of bidders for farms of an aggregate monthly rental of not more than Rs. 100 and to Rs. 10 in the case of bidders for single small farms. In the Kurnool district, the Collector may, where he finds it necessary, require a deposit of Rs. 10 only from bidders for toddy shops. In the South Canara district, the selling officers may at their discretion reduce the deposit to Rs. 2 for shops whose average monthly rental does not exceed Rs. 2.

IV. The shops or farms will be put up to auction in the order in which they are notified, unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the Collectors. The reserve price placed by Government on the shops or farms will not be published, but the average of the previous five years' rentals will be notified by the Collectors, wherever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Abkári or Opium Act as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative, after recording his reasons for doing so.

VII. The shops and farms will be knocked down to the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless revised by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any officer appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall be taken or the shop or farm re-sold at his discretion.

IX. As soon as possible after the auction is completed, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit * of half a month's rent (in addition to the deposit made under clause III) for each shop or farm unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause III will be forfeited and the farm or shop will be put up again on the above conditions or otherwise disposed of as the Collector may determine and the defaulter will be debarred from bidding again for the same or for any other farm or shop.

X. Persons to whom farms and shops have been knocked down and who have made deposits as provided in clauses III and IX, shall also deposit * such further sum as with the former deposits will make up two months' rent (to be paid within ten days from the date of communication of the Collector's acceptance of the bid) and shall without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed the sum required to be deposited under this clause, the excess will be refunded unless the purchaser is required to deposit twice that sum under clause XI *infra*.

XI. If on enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency, he may be required either to deposit twice the sum prescribed in clause X *supra*, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (article 34, schedule I, Act II of 1899) and registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the requisition under clause XI *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made may be forfeited and the shop or farm be re-sold or otherwise disposed of at the discretion of the Collector.

XIII. Re-sales effected under clause XII will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

XIV. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Collector and licensee so agree, it may be credited towards the last instalments of the rents payable by the latter.

The licenses issued under the above clauses will contain the following general conditions common to all abkári and opium licenses and the special conditions prescribed below.

General Conditions applicable to all Abkári and Opium Licenses.

1. Contract suppliers of country spirits are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants in any part of their farms and from employing any person who has such interest. This prohibition does not extend to the wholesale supply of foreign liquor or of rectified spirit to licensed vendors; nor does it prevent distillers from holding an interest in the retail sale of country spirits in areas other than those for which they have been granted the supply contract.

2. The limits within which sales under any abkári or opium license may be carried on will be specified by the Collector at the time of the grant of the license. The sale or possession (except subject

* Deposits may be in cash or other approved security.

to the rules applicable to unlicensed persons) of liquor, opium or intoxicating drugs outside those limits is prohibited.

3. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communication between the depot or shop and an adjoining dwelling-house, they must be kept locked at night.

4. Except in the case when two or more foreign liquor licenses are held by one person, sales under each license issued must be in different premises (chemists and druggists and medical practitioners excepted). The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor is prohibited. But intoxicating drugs made from opium or the poppy other than morphia or preparations for smoking may be prepared and sold in shops licensed for the sale of opium.

5. A sign-board must be affixed to the front of each depot or shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and, in the case of taverns and wholesale depots, in English also. The license must be hung up in a conspicuous place within.

6. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to them either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. All officers authorized to inspect depots and shops (*vide* condition 25 *infra*) are authorized to detain any liquor, opium or intoxicating drug found unfit for consumption or use, or which they may believe to have been tampered with and all Collectors and Deputy and Assistant Commissioners of the Salt, Abkári and Customs Department are empowered to destroy such as are found unfit for consumption or use.

7. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of 14 or by persons suffering from leprosy or any contagious disease and the employment of such persons in shops or depots for the sale of the same are prohibited. The Collector may, where necessary, call for the names of all persons employed or proposed to be employed in depots or shops and forbid the sale of liquor, opium or intoxicating drugs by any person of whom he may disapprove.

8. No depot or shop shall be opened before sunrise or kept open after 9 P.M.* except under special authority.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

10. No robbers or thieves or disorderly or riotous persons shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police officer.

11. No person shall be harboured in any depot or shop during the night.

12. Depots and shops situated on or adjacent to the line of march must be closed, if the Collector so orders, while a regiment or detachment of European or native soldiers is passing or is encamped in the vicinity or in times of religious excitement or disturbance. Every depot and shopkeeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13. The Collectors may order the transfer of depots and shops from one locality to another or their closure or the opening of new depots and shops within limits as to number to be fixed by the Board of Revenue in their discretion. But no new shops should be opened unless notice of the sites selected has been published in the District Gazette six months before the commencement of the lease and no such changes as affect the interests of adjacent shopkeepers shall be made during the currency of a lease except under special sanction of the Board. Collectors may at any time permit the transfer of a shop within the limits notified for the shop in the sale notice.

14. The right is reserved to the Collector to grant "Occasional Licenses" for the sale of liquor, opium and intoxicating drugs, on the occurrence of fairs, festivals, etc., in places in the vicinity of which there are no regularly licensed shops. Such licenses shall ordinarily be granted to the shopkeepers who usually supply the locality or to the representatives of the roster. Their period shall not exceed ten days, and the fee to be paid therefor shall be fixed at the Collector's discretion.

15. No liquor, opium or intoxicating drug shall be sold or given—

(a) Except at shops specially approved by the General Officer Commanding the Division (or Independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the license—

(1) to sailors, soldiers and the members of their families, or
(2) to any other person living in barracks;

(b) whilst on duty, to any—

(1) camp-follower, member of the Police force, or officer of the Salt, Abkári and Customs Department;
(2) servant of a Railway Company; or

(c) in any circumstances, to any—

(1) European vagrant under escort of the Police;
(2) child under fourteen years of age;
(3) insane person; or
(4) person known or believed to be intoxicated.

* 10 P.M. in the Madras Town.

16. No privilege of supply or vend shall be sold, transferred or sub-rented without the Collector's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any abkári or opium licence will be allowed, without special permission from the Collector, to possess any interest in any abkári or opium licence in any foreign territory or British territory in which the duty is lower, adjacent to the district in which he holds his licence.

18. Depots and shops must be kept open unless their temporary or permanent closure is authorized by the Collector, and such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained therein. Shops not opened by dates to be fixed by the Collector shall be liable to be resold at the risk of the licensees.

19. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

20. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum † prices as may be fixed for sale of the same in accordance with the law for the time being in force.

21. No liquor, opium or intoxicating drug in excess of the quantity prescribed ‡ for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit; nor shall they be sold at wholesale depots in quantities less than the minima prescribed.

22. True accounts of transactions shall be maintained from day to day in ink in the prescribed form. § The accounts and permits shall be in printed books. The account books may be obtained from local Revenue officers on payment of cost price. The permit books can be obtained at all Circle offices on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, opium or intoxicating drugs received and the counterfoils of permits issued must be carefully filed. The signing of blank permits for subsequent issue is prohibited. The accounts and counterfoils of permits shall be preserved for one year after the period covered by the license and shall be produced when called for by an officer not below the rank of Assistant Inspector of the Salt, Abkári and Customs Department.

23. Such returns and information as may be required by the Collector from time to time shall be furnished by holders of licenses.

24. Only such weights and measures as may from time to time be prescribed by the Commissioner of Salt, Abkári and Separate Revenue shall be possessed or used on any licensed premises, and they shall be tested and stamped by the stamping establishment of the district if the Collector shall so direct. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment.

25. The officers authorized to inspect licensed shops and depots are—

(1) any officer of the Revenue Department of rank not lower than Revenue Inspector, and
(2) any officer of the Salt, Abkári and Customs Department of rank not lower than Sub-Inspector.

These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, opium and intoxicating drugs under sale, and to call for and check the accounts kept in the shop or depot. Police officers will also make inspections when it comes within the scope of their duty.

26. An inspection note-book, with the pages numbered consecutively, for inspecting officers to enter their remarks in, shall be maintained, and be handed over to the Inspector of the Circle or any officer authorized by him to receive it on a receipt being given therefor.

27. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into a Government Treasury on or before the ‖ 10th of each month beginning with April or October as the case may be. Fees for depots should be prepaid.

28. No remission or abatement of the rent shall be claimable on any account whatever.

§ The only toddy shops to which this condition applies at present are those in the Madras Town Circle.
‖ In the Madras Town Circle, however, separate orders are in force in this regard.

29. Any sum due by a licensee may be collected* under the Revenue Recovery Act or adjusted from the deposit, if any, made by him at the commencement of the lease. He shall be bound to replace any sums adjusted from his deposit within fifteen days of receipt of notice from the Collector.

30. Power is further reserved to Revenue officers to suspend* licenses in case of failure of payment of kists or (in the case of toddy) tree-tax also on the due dates. In the case of arrack, toddy, ganja and beer shops and taverns, this power will be exercised by Tahsildars, † in the case of opium shops by Divisional officers and in other cases by the Collectors.

31. In the event of suspension of a license for failure to pay arrears, the privilege of sale will be re-sold with effect from the date of issue of license to the new purchaser or otherwise disposed of at the Collector's discretion. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues.

The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture.

The officer who has power to suspend the license may, however, at his discretion, allow sales to continue pending re-sale or other disposal of the privilege.

32. Interest on all moneys due shall be payable at the rate of 6 per cent. per annum.

33. Infraction of any of the conditions of the license either by a licensee or by any person in his employment will entail on the licensee—

Either (a) fine up to Rs. 50,

The licensee or his agent may also be prosecuted for the specific offence committed.

The rent for the whole lease shall become due at once, when a lease is cancelled under this condition.

Note.—For continuing breaches of a license, continuing fines may be imposed.

34. Any license may be forfeited and the privilege be re-sold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the Abkári / Opium Act, or of any offence under the Indian Penal Code, which in the Collector's opinion renders him unfit to hold it. The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal license. Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

35. Licensees are bound to report to the Collector all instances which come to their knowledge of persons employed by them in the manufacture, carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Abkári / Opium laws or of engagements entered into by them and to comply with the Collector's orders respecting the continued employment of such persons. No persons who have been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Collector's previous permission.

36. Pecuniary dealings by licensees of any kind whatever with officials of the Salt, Abkári and Customs Department are absolutely prohibited.

37. With the sanction of the Board of Revenue, any license shall be revocable by the Collector at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

38. All licensees shall be bound by any additional general rules that may be prescribed under the Abkári / Opium laws and, if so required by the Collector or any officer authorized by him, to deliver up their licenses for amendment or for the issue of fresh ones.

Conditions applicable to Toddy Licenses.

1. The privilege conferred extends only to the sale of toddy.

2. Toddy required for sale should be drawn under separate tree-tapping licenses to be obtained under the tree-tax rules from toddy trees in the tract in which the shop is situated or in any other tract in which the rates of tree-tax are not lower, subject to the discretion of the officer granting transport permits.

3. No toddy except the produce of trees, for the tapping of which a license has been issued, shall be kept in the shop, offered for sale or sold.

4. Tree-tapping licenses must be taken out and the shop opened within a reasonable period to be fixed by the Collector.

5. The Collector will fix the minimum number of trees to be entered in original applications for tree-tapping licenses.

10. * In the majority of districts Government trees of the full size may be tapped on payment of tree-tax *plus* a fee of four annas per tree or such other rate not exceeding eight annas as may be sanctioned by the Board of Revenue subject to the following conditions in respect thereof :—

(a) The licensee will (subject to existing rights) be entitled to the general usufruct of the trees inclusive of the right to cut the leaves, gather the fruit and tap the trees for toddy. But he must not denude a tree of leaves to such an extent that it has not eight remaining.

(b) As regards the tapping of date trees—

(i) No incision shall be made at any point within 4 feet from the ground or 1 foot from the base of the central wheels or 18 inches from the top of any other incision.

The limits above prescribed may be reduced by half in the Ceded districts at the Collector's discretion.

(ii) The incision shall not be cut to a greater depth than one-third of the diameter of the tree.

(iii) No tree shall be tapped oftener than in alternate years or for more than six months in the year.

(iv) The tapper shall leave not less than eight leaves on the top of the tree in addition to the central wheels springing from the head of tree.

(c) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip of their leaves or branches.

(d) The licensee shall be bound by such other conditions as may be prescribed by the Collector in this behalf.

(e) The licensee shall pay the ordinary tree owner's fee for all trees prepared for tapping whether tree tapping licenses are taken out for them or not. He will be liable to pay a fine of one rupee for each tree which may die from over-tapping either during the lease or within six months after its expiration. In the case of date trees he will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation.

(f) When the licensee makes default and his shop is re-sold, his rights to and claims on Government trees cease and determine.

In districts other than those in which the above system is in force, the usufruct of Government trees, including the right to allow the trees to be tapped on payment of tree-tax by persons duly licensed, will be otherwise disposed of and the licensee must make his own arrangements with the owners of the trees or the persons who enjoy the right to the usufruct.

11. The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

12. The distillation of spirits from toddy is absolutely prohibited.

13. Permits for the transport of toddy from shops to stills will be granted, at the discretion of the officer concerned, in the Cochin taluk of Malabar.

14. No sweet toddy, even if it be the produce of marked trees on which tree-tax has been paid, shall be kept or sold in the shop, nor shall any sweet toddy be mixed or allowed to be mixed with fermented toddy drawn from trees marked for the shop either in the shop or outside it.
